The above symbol indicates the cars ABS (Anti-lock Braking System) which helps prevent skidding in-case of sudden braking. If illuminated, there may be a fault & your brakes may not work in an emergency.

Flashing Sensors?

The below light indicates the vehicle is equipped with a Key Immobilizer System, which only allows the car to be started with the use of the original keys thus reducing the risk of theft.

The above symbol indicates the Engine's all-in-one malfunction warning light. All EFI vehicles will be equipped with such a sensor. Please visit our dealership as soon as possible so to avoid increasing expenses later.

Mandviwalla's Tips for your Trips

The Karachi winter is coming... Combined with the cooling sea breeze is Rust's *notorious* enemy. Mandviwalla Motors recommends to get your vehicle undercoated to protect your vehicles underbody from rust. Have a few dents around the car too? Get a free quote from our Body Shop Department on your vehicle and have it shiny new before the new year!

From Yours Truly,
The Team @ Mandviwalla Motors (Pvt.) Ltd.
